

**SIEGWERK OFFERS INK, HEART & SOUL TO ITS CUSTOMERS**

Ink, Heart & Soul – our company philosophy incorporates what our customers experience every day. We know our business and produce inks and individual solutions in close cooperation with our business partners. We are steeped in tradition, yet practice-oriented and with state-of-the-art technology. With more than 175 years of experience, Siegwerk commands a profound product knowledge and expertise for many printing methods. Our actions are market-driven – or even drive the market, which is proven by our many patents. With currently 4,000 staff in more than 30 country organizations we are able to supply and support every customer anywhere in the world.

The precondition for such a performance on a sustained basis is a unique kind of reliable and goal-oriented people. Their motivation and commitment are the basis for our international growth, which is supported by institutionalized sharing of expertise across borders. This puts us in the position of being able to provide the best possible solution for the customer. And even to anticipate the demands of tomorrow.

For us, these are all ingredients of the Siegwerk formula for your success.

SOME LIKE IT COLD

**GENERAS****The versatile:**

As a high-performance series for universal application, GENERAS inks convince by smooth processing and a printing quality to satisfy the most exacting demands. Conclusion: excellent results, even under heavy time pressure.

**ACCURAS****The perfect:**

Even with high color contents, ACCURAS inks have an extremely low tendency towards smearing. Therefore this purpose-optimized series offers best conditions for convincing high-quality four-color printing of demanding subjects. Advantage: perfect results, even under critical conditions.

**AGILAS****The modern inks:**

Extremely low misting and minimum set-off are among the outstanding strengths of AGILAS. This makes the top-modern ink series predestined for use in the latest generation of high-speed presses. Result: top quality at maximum speed.

**LIBRIT****The book printing specialists:**

Maximum quality and efficiency are two points in favor of this specialized ink series. LIBRIT is first choice for book printing by the coldset process.

**INTENSAS****The intensive inks:**

Specially developed for demanding four-color printing, INTENSAS inks impress by a high color intensity. Their optimal printing properties guarantee consistently excellent results. Additional advantage: economic efficiency due to long ink mileage.

**ARIDAS****The waterless:**

The tried and tested color-scale series for the new waterless coldset printing. It can be worked on over a broad temperature range without toning. The optimized ink penetration technique for the ARIDAS colors also ensures that work can go on without difficulty at maximum speed. The first choice for new technology.

**TELIT****The telephone directory specialists:**

Designed for the special demands of directory printing by the coldset process, TELIT provides consistently high-quality results on thin papers.

**EQUILO:**

the fountain additive for all coldset inks for the fast reaching of the optimal ink/water balance.
