Charitable Activities by Siegwerk Vietnam for Ben Tre SOS Children's Village

Siegwerk Vietnam recently organized activities at the Ben Tre SOS Children's Village as part of its annual charity day to promote corporate social responsibility and teamwork.

Employees from Siegwerk Vietnam helped prepared outdoor activities for the children, their mothers and Siegwerk staff to participate in. Siegwerk Vietnam also donated to each family a bicycle, after noticing the need for bicycles to travel in and out of the village. In addition, the children were given presents including: school bags, towels and cups filled with candy and cookies.

For Siegwerk Vietnam, bringing joy to the children was all that mattered. Business development goes hand in hand with community development, and Siegwerk Vietnam is committed to helping the children of Ben Tre build a brighter future.
