Fire at Siegburg plant – Factory fire brigade in action

Siegburg, 2024-05-30, 06:57 (Press release No.1) – A fire broke out on the Siegwerk site at around 06:05 a.m. for as yet unexplained reasons.

The plant fire department and the Siegburg fire department are already in action and the fire has already been extinguished. The plant management will keep you informed about further developments.

About Siegwerk

Siegwerk is one of the world's leading manufacturers of printing inks and coatings for packaging applications and labels. Building on 200 years of experience, we offer customized solutions for all types of packaging requirements - from functional and eye-catching to safe and sustainable. As a family business in its seventh generation, we are always aware of our

responsibility for future generations. Under the motto “rethINK packaging”, we are therefore actively driving the transition to a circular economy by developing environmentally friendly solutions that enable the recyclability of packaging. More than 30 country organizations and around 5,000 employees worldwide ensure the consistently high quality of our products and customer-oriented support. Find out more at www.siegwerk.com.
