

Declaration of non use of

Insecticides, rodenticides, acaricides, fungicides, herbicides, and other pesticides used for agricultural purposes

In the manufacture of all products supplied by Siegwirk, insecticides, rodenticides, acaricides, fungicides, herbicides and any other pesticides used for agricultural purposes, or raw materials containing these substances, are not used as intentionally added ingredients¹.

The presence, however, of traces of this substance in the product coming from raw material impurities, from the process or as adventitious contaminant cannot be excluded. However, we proactively monitor and/or retrieve supplier data on impurities in raw materials likely to contain traces of these substances. We can assure you that, according to the present scientific knowledge, potential traces of these substances in our products, if any, are far below 0,1%.

¹ Siegwirk water based- inks contain biocides as in- can preservatives. Please see our statement on the use of biocides.
