Declaration of non use of

Benzene

In the manufacture of **all** products supplied by Siegwirk, carcinogenic benzene, or raw materials containing benzene, are not used as intentionally added ingredients.

The presence, however, of traces of these substances in the product coming from raw material impurities, from the process or as adventitious contaminant cannot be excluded¹.

¹ However, we proactively monitor and/or retrieve supplier data on impurities in raw materials likely to contain traces of these substances. We can assure you that potential traces of these substances will not exceed legal limits.
