

Declaration of non use of

Nonylphenol and other Alkylphenols or Alkylphenol ethoxylates (APEO's)

In the manufacture of **all** products supplied by Siegwirk, nonylphenols (CAS 84852-15-3 and 25154-52-3), other alkylphenols (C5 – C9 alkyl chain) and in general alkylphenol ethoxylates (APEO's) are not used as intentionally added ingredients.

The presence, however, of traces of these substances in the product coming from raw material impurities, from the process or as adventitious contaminant cannot be fully excluded. We proactively monitor and/or retrieve supplier data on these impurities in all raw materials likely to contain such traces. We can assure you that potential traces in our products, if any, are well below 0,1%.
