

**INK, HEART & SOUL**

## **Declaration of non use of**

### **Raw materials from problematic vegetal or animal origin**

In the manufacture of **all** products supplied by Siegwirk, substance groups or substances originated from recognized protected or endangered plant life (flora) and/or fauna, or from sources, such as monocultures, which are disputed and/or recognized to endanger ecosystems or the biosphere, or raw materials containing them, are not used as intentionally added ingredients, or, considering the minute amounts of printed layers, not used in quantities likely to cause any significant concern.

Consequently, our products cannot be perceived to bring about a conflict with flora and fauna protection policies, and with policies aimed to preserve the ecosystems and the biosphere.
