

## **Declaration of non use of**

# **Thiuram mix components**

In the manufacture of **all** products supplied by Siegwirk, the following thiuram mix components, or raw materials containing these thiuram mix components are not used as intentionally added ingredients:

- Tetramethylthiuram monosulfide (TMTM)
- Tetramethylthiuram disulfide (TMTD)
- Tetraethylthiuram disulfide (TETD)
- Dipentamethylthiuram disulfide (DPTD)

The presence, however, of traces of this substance in the product coming from raw material impurities, from the process or as adventitious contaminant cannot be excluded<sup>1</sup>.

---

<sup>1</sup> However, we proactively monitor and/or retrieve supplier data on impurities of the above mentioned substances in all raw materials likely to contain such traces. We can assure you that potential traces in our products, if any, are, as a rule, well below 0,1%.
