

Declaration of non use of

Diisopropylnaphthalenes (DIPN)

In the manufacture of **all** products supplied by Siegwirk, DIPN, or raw materials containing DIPN, are not used as intentionally added ingredients:

The presence, however, of traces of these substances in the product coming from raw material impurities, from the process or as adventitious contaminant cannot be excluded¹.

¹ However, we proactively monitor supplier data on impurities in all raw materials likely to contain DIPN. We can assure you that, according to the present scientific knowledge, potential traces of DIPN in our products, if any, are far below 0,1%.

The information in this document reflects Siegwirk's policy and commitments. This statement is valid without signature.
