

# VEGA IMPRESSION

Owing to our commitment towards consumer safety and sustainable development, we present to you 'VEGA', our range of mineral oil-free inks.

It is an endeavour from all of us at Siegwerk to significantly reduce the usage of mineral oil in the packaging industry and make inks safe for all.

When we needed a series that could meet the requirements of upper-end packing segment, we designed **VEGA Impression**. Along with high colour strength, consistent print density and good dot

sharpness, this is the ideal ink for long run and short run work where turn is required. This is probably the best fit for both side printing in one go for perfect application.

## BENEFITS

- ✓ High colour strength with normal light fast properties
- ✓ Meets 150-2846-1 colour compliance
- ✓ Very fast setting ink system suitable for work & turn operation
- ✓ Excellent roller stability & ink transfer properties that ensure consistent print density for
- ✓ long run jobs
- ✓ High gloss with moderate scuff properties
- ✓ Excellent ink-water balancing window which makes this series most robust to perform across market segments and wider range of climatic conditions
- ✓ Comes with magenta and yellow to cover wider colour gamut
